ABOUT ME

Software Development Engineer seeking a challenging role to leverage my technical expertise and drive impactful results. Proficient in React, TypeScript and PostgreSQL, I bring a proven track record of optimizing application performance, enhancing user experiences, and developing scalable solutions. With strong communication, creativity, teamwork, and a proactive mindset, I am committed to contributing to a company's success while continuously advancing my knowledge and skills.

EXPERIENCE

GO ON ASSOCIATED   **Curitiba, Brazil**
Frontend Engineer   **Mar 2023 - Present**

- Actively participated in client meetings to assist in decision-making processes, ensuring alignment between technical solutions and business needs
- Led decisions and implementation for Authorization and Identity Provider integration, from configuring it on the server side to consuming it in the client-side browser for seamless authentication and security
- Integrated Datadog RUM to enhance performance and user experience monitoring while generating insightful metrics on application growth, including user count trends, platform adoption rates, and engagement levels
- Developed scalable web applications using React and TypeScript
- Refactored legacy codebases, introducing modern solutions and optimizing performance
- Designed and implemented a custom Design System, transitioning from Material UI to a bespoke solution
- Created reusable React hooks to improve code maintainability and efficiency
- Solved rendering issues with large JSON files, optimizing performance and user interaction
- Implemented internationalization using i18next for a globally accessible platform
- Configured CI/CD pipelines with .yml files for automated deployment

ILAPEO   **Curitiba, Brazil**
IT Technical Support Officer   **Jun 2021 - Jul 2022**

- Maintained hardware and software systems, ensuring optimal functionality
- Analyzed systems and generated SQL reports for organizational insights
- Managed user access and created workflows and user guides for departmental use

LOKA'S BAR E CONVENIÊNCIA   **Curitiba, Brazil**
Bar Manager   **Nov 2019 - May 2021**

- Developed an Excel-based stock control system
- Oversaw staff management and provided exceptional customer service
